**Subject:** Research Administration Website

Dear Grant Management Personnel:

Effective tomorrow, September 1, the Office of Research Administration (ORA) website (including Export Compliance and Sponsored Research) will transition over to the newer Caltech web design format and platform. For the most part all of the component ORA pages and information are in the same relative locations, but there are some design element changes that may make pages appear different, at least relative to header, footer and margin formatting.

The key thing to note is that if you have saved links to specific ORA pages or documents, those links may no longer work. The new ORA pages will be accessible via the original URL:

<http://researchadministration.caltech.edu/>

Please let me know if you have any questions.

David
